The AIDS Games II ®, formerly the AIDS Olympics II, is a historical event, which focuses on educating our communities about the epidemic of HIV/AIDS. However, we only use sports, fashion and poetry to send this message.

This National HIV Testing Day, we will alert national/local media in addition to HIV/AIDS, sex safe, abstinence based, faith based, political, LGBTQ and church organizations about what will take place during next year's AIDS Games II ®. This press conference also discloses how you can partake in this unique and memorable moment in time.

The press conference is June 27th 2012, 9-11am at The Urban League of Greater Miami 8400 NW 25th Avenue Miami, FL 33147. We need you there. We need your voice, your energy and your passionate attention. This is a free event and organizations are allowed to set up booths at no cost.

We have award-winning live music by George Tandy Jr., Feverish Ice Cream ® catered refreshments, testing and a panel discussion with the AIDS Games II ® staff. Inside the beautiful facility donated by the Urban League of Greater Miami is where all questions are asked and answered. RSVP by June 20th on www.AIDSGames.com or Linda Charles 561-853-6070

Sincerely,
Devin T. Robinson X
